

THE SPA AT STRAWBERRY HILL

Festive Specials

Aromatherapy Massage with Happy Hands + Feet

Join us for a glass of sorrel, infused with Blackwell Rum, before relaxing into this extended calming experience, which begins with our Elemental Nature Massage, a soothing & soul-comforting traditional Jamaican treatment.

A manicure & pedicure follows with a warming hydrating soak, exfoliation, hand & foot massages and cuticle & nail conditioning, concluding with a natural buff or color application, which leaves one ready to put their best foot forward.

Classic Massage with Grounding Reflexology

This deeply restorative experience begins with an hour-long deep tissue massage, which uses warmed coconut oil, pressure point release, deep tissue work & the muscle-lengthening traditions of classic Swedish massage to eliminate muscle tension & tightness. Conclude with a reflexology treatment that uses gentle, but firm, acupressure techniques to ease the tension of tired feet, build resilience, unblock energy & improve immune function.
